Our Advisory Service is for clients wishing to benefit from a "light touch" service but who still require expert advice for relatively straight forward financial affairs and who wish to keep costs to a minimum.

**Retirement Planning.** It's never too early to consider how you're going to finance your retirement. In fact, the sooner you start actively planning for it, the better. Our financial advisers work with you to identify the most suitable investments for your retirement. As we are independent and not tied to any other financial institution, we are able to research the full range of options available to you from across the marketplace. When reaching your retirement age, we can help you make the right choice from the many options that are now available.

**Protecting Your Estate.** It is natural that many of us want to leave our wealth to those who matter the most. Having a well-managed estate can save time and legal costs in the long term, help avoid a large tax bill, and cushion the blow for those you leave behind. We can look at **Trusts** as well to identify and minimise the tax liability on your estate, ensuring that the wealth you spent a lifetime building passes on to the people you want to have it.

**Legal & Tax Services.** Our sister company Fogwill & Jones (Legal Services) Limited provides additional services which are complementary to your financial planning. Of course you may wish to seek alternative Legal Services elsewhere. However, the in-house Solicitor for our sister company can assist you with **Lasting Powers of Attorney (LPA)**, preparation of **Wills, Deeds and Trusts** to assist you in **estate planning and later life planning**. If a loved one dies Legal Services can also administer their estate and obtain **Probate** for you.
